

TAKEN UNDER LEGION'S WING

More French Orphans Added to List to Receive Aid From Posts and Individuals.

Adopted During Week Ending July 10, 1920.

Three more French war orphans have been taken under the Legion's wing by contributions of \$75 each from two posts and an individual "member" of another, as listed above, who asked that his name be withheld. The anonymous donor, in his letter transmitting a check which will care for one of the fatherless waifs a year under the Legion plan, says he "would be glad to have the privilege of being an adopted father another year if necessary."

The New Jersey post forwarded its contribution to the Legion's national treasurer, Robert H. Tyndall, through Thomas Golding, state adjutant, and expresses no preference as to the sex or age of its prospective protegee.

R. L. Jones, adjutant of the Milwaukee post, writes:

"At the last meeting of the post, the membership unanimously decided to adopt a little French orphan and would prefer a little girl. I am instructed to request of you, if possible, the little girl's picture and also her name and address in order that we may keep in touch with her from time to time."

"Luckily, there is a member of our post who is able to read and write French and therefore will have no trouble in corresponding with the little girl."

Advices from France are that 3,000 children, the keenest sufferers in the after-the-war distresses of the country, are threatened with actual want. Many were once the wards of A. E. F. outfits.

Posts of the Legion, or individual members or friends, may adopt a French war orphan for at least one year, contributing seventy-five dollars for the first year's support. The mascot assigned will be either orphans or the children of permanently disabled French veterans.

All of the money contributed will go to the child. The Red Cross bears all expenses of administration.

FRENCH PRAISE FOR OUR RED CROSS WORK

Lauding the work accomplished by American philanthropy for war-stricken France, Andre Tardieu, former high commissioner from that nation to the United States, in a recent article widely commented on throughout the French press, says:

"The American Red Cross has accomplished a work which calls for the heartfelt gratitude of every true Frenchman. In 1918 this great relief organization spent in behalf of France nearly \$7,000,000 francs, and in 1919 its expenditures on charitable projects in our country attained the tremendous total of 171,000,000. It has recently turned over to the French relief organizations huge stocks of supplies whose value must be counted in the hundreds of thousands of francs."

"Fifteen million American boys and girls, banded together in the Junior Red Cross of America, are back of a movement to establish the closest ties between themselves and France's younger generation through the charitable works they have financed and are now carrying out among our little war sufferers."

"The bonds of friendship between France and America is cemented with mutual admiration, respect and gratitude."

CLOSE OFFICE

Sgt. C. E. Marsh received orders this afternoon to be ready to close the Alma recruiting office on March 1. He will report at the Grand Rapids station on March 4. Information relative to recruiting, etc., may be secured through the Grand Rapids office after March 1. Victory medals will be handled through the Grand Rapids office.

Attends Vocational Conference.

At the request of Uel W. Lamkin, chief of the division of rehabilitation of the Federal Board for Vocational Education, Gerald J. Murphy, national vocational officer of the American Legion, was designated by the national commander, Franklin D'Oiler, as the legion's representative to attend a recent conference of the board's district vocational officers at Washington, D. C., recently. The legion has inaugurated a plan of co-operation with the federal board, extending to each of the more than 9,000 posts of the organization in every state and community throughout the United States and many foreign countries, by which thousands of disabled ex-service men are being rounded up and gotten into immediate training every week. Plans for continuing the campaign until every pending case is definitely settled and all eligible persons are receiving the vocational training to which they are entitled, were laid at the conference.

progress in industrial and commercial ways also in education but now we need a fuller development of the moral and spiritual. National decline is first due to moral weakness and neglect of prayer to God. Enemies from without do not harm as do national sins and follies. The conservation of all material gains depends upon a spiritual manhood. Wise men shun evil, cherish goodness and foster righteousness. History confirms these statements. Please think over these words.
